ACCOMODATIONS/CAMPING before or after the climb:

Nearby motel accommodations are available in the town of Lee Vining (approx. 13 miles east of Tioga Pass Resort). We recommend sleeping at higher elevations the evening prior to the climb if possible. Tioga Pass Resort requires reservations to be made well in advance during high season.

Camping is available within the Yosemite Park boundaries as well as outside the park, near Tioga Pass. Several campgrounds exist along Hwy 120. A walk-in campground is located on the Saddlebag Lake road on the way to the trailhead parking. Bring your headlamp, sleeping bag, pad and a light tent in case it rains.

RESTAURANTS

Good, classic climber's fare is available at Tioga Pass Resort. The infamous Mobile Station at the Hwy 120, 395 junction and Nicely's Café in Lee Vining.
